# UNIVERSALISATION OF ELEMENTARY EDUCATION

## Concept and Definition

- Basic education for all children aged 6-14 years
- Free and compulsory education
- Quality-based learning environment
- Inclusive educational approach

Universalisation of Elementary Education (UEE) represents a fundamental commitment to ensure that every child in India has access to quality basic education. It encompasses making elementary education accessible, available, and compulsory for all children between the ages of 6-14 years.

## Historical Background

- Constitutional commitment under Article 45
  - National Policy on Education 1986
  - 86th Constitutional Amendment 2002
  - Right to Education Act 2009
-
